ANNUAL MEETING OF PARIS COMMERCIAL CLUB

Fun, frolic and a good meal are the principal features of the annual meeting of the Paris Commercial Club, which will be held in the Y. M. C. A. gymnasium next Tuesday evening. The first feature of the evening will be "a square meal," starting at 6:30 o'clock, and following the dinner will be a program of music, speeches, and "stunts," particular emphasis being laid on the "stunt" part of the program. The committee in charge, composed of B. J. Santen, John F. Davis, Roxie Davis and W. E. Hacker, has announced that not only the members of the organization, but their wives, families and friends are invited to attend the dinner and entertainment, but also warns that no person will be allowed to enter the gymnasium with a grouch on his or her face; and also warns that no one is to take offense at any "stunt" that may be pulled.

The annual meeting is also the time for the annual election of officers and directors. Ballots will be mailed to all members and they are requested to cast their votes either at the Commercial Club office during the day or at the annual meeting, the polls closing promptly at 7:30 p. m.

LIGHTNING STRIKES HOME

The residence of A. B. Fredericks, on the Clifton Datzell farm, on the Ruddle's Mills pike, near Paris, was struck by lightning during an electrical storm Wednesday afternoon. One chimney was torn down and the rear of the home badly damaged by the passage of the electrical bolt. Mrs. Fredericks and one of her children, who were in the front of the house, escaped with severe shocks.

The electrical storm caused temporary interruption to the light and power service of the Paris Gas & Electric Co., this service varying at intervals playing a game of "now you see it and now you don't."

WAR MOTHERS TO CONDUCT RUMMAGE SALE.

The Bourbon County War Mothers will conduct a "Rummage Sale" today in the store room on Main street, adjoining Price & Co.'s clothing store, and recently vacated by the Idle Hour Pool Room. The public is requested to contribute articles of clothing, furniture, dishes, bric-a-brac, etc., for the sale. These can be sent to the store by early this morning, and will be received with grateful thanks to the donor.

OFFICERS LAND "MOONSHINERS"

Sheriff and Deputies Arrest Grover Case and Find Still and Liquor

INTERESTING EXHIBIT IN OFFICE

In pursuance of his announced policy of making Bourbon county an unsafe place of abode for illicit "hooch" makers, another raid planned and executed by Sheriff Will G. McClintock, assisted by Deputies Thos. McClintock and James Gibson, was made Tuesday night in the immediate vicinity of Millersburg. As a result Grover Case, tenant on the farm of John Purdy, near Millersburg, is confined in the Paris jail, and a complete "moonshine" manufacturing plant is on exhibition in the Sheriff's office in the court house.

The raid was directly the result of suspicions aroused in the mind of Horace Purdy, a brother of John Purdy, who noticed on several occasions Case driving an auto at dark through the farm. His actions seemed suspicious to Purdy, who conducted a night watch, and finally caught Case with his auto driving along the road through the Purdy farm. Holding him up at the point of a shot gun Mr. Purdy searched the wagon, and found in it five quarts of "moonshine," which had been secreted in a large suitcase. Purdy took his captive and the wagon to the Purdy home, where he telephoned the particulars to Sheriff McClintock. The arrest followed. The party proceeded to the house occupied by Case, and after a long search found a complete outfit, consisting of a copper still, copper "worm," and a large keg, with a capacity of ten gallons. They also found seven quarts of "moonshine" and a barrel of "mash," secreted under a pile of lumber in the meat house. All were brought to the Sheriff's office.

Case will be brought before the grand jury at the present term of the Bourbon Circuit Court, and given an opportunity to tell what he knows of the case.

Tanlac, the remarkable remedy that everybody is talking about, is sold by People's Pharmacy. (adv)

ATTRACTIVE DAY AT THE CITY SCHOOL.

Monday, November 21, will be one of the most enjoyable days the City School has had so far this year. Miss Louise Tucker, of Louisville, who has spent several years teaching in the schools of China, will spend the entire day in the school. At 10:00 a. m. and at 2:30 p. m. she will speak in the auditorium on the customs, schools and other things of interest concerning life in China. Miss Tucker will have with her a large number of valuable curios. These she will show and explain during her lectures. These programs are both open to the public. Admission, children 10, 15 and 20 cents; adults, 30 cents.

LOUISVILLE JUDGE DECIDES IN PARAKEET CASE

A decision which may possibly be of interest to many Paris people was rendered recently at Louisville by Judge George A. Brent, in the case of the Parakeet Grocery Company, which conducted a chain of groceries, one of them in Paris, throughout Kentucky.

The president of the Co-operative Grocery Company, Somerset, took "French leave," the opinion said, when the firm became insolvent. The other stockholders, who were railroad employees, then affiliated with the Parakeet Company. Considerable stock was purchased and the store did a thriving business until it became insolvent.

Judge Brent ordered that time be allowed to agree on the value of the fixtures, which originally belonged to the Co-operative Grocery Company. If no such agreement is reached, the opinion said, the case will be set for a hearing.

REAL ESTATE DEALS

The Paris Realty Company sold for Hugh French his farm of 171 acres, located on the Georgetown pike, six miles from Georgetown, to H. S. Ritchie. Mr. Ritchie expects to move to the property about March 1, 1922. The purchase price was not given out for publication.

HUNTERS HAVE GOOD DAYS IN FIELD

Up to yesterday a total of 1,222 hunting licenses for the current hunting season has been issued from the office of County Clerk Pearce Eaton to hunters who were desirous of depleting the rabbit and quail crop of the county. Hunting licenses to residents of Bourbon county cost one dollar, but licenses to non-residents cost \$7.50.

Hardware dealers report an increased business in the sale of shells and hunting equipment, while dealers in rabbits have been busy taking over the "kill" of the ambitious sportsmen who have invaded the fields in large numbers. Rabbits have been selling on the local market at twenty cents each.

Game is reported as being plentiful, the only handicap being a dearth of good hunting dogs. As Kentucky game became scarce in the past few years hunters sold their best dogs to persons living out of the State. Now that game is plentiful, the dogs are not available.

Within the past few years game in this county was cleaned out by the severe winters, heavy spring and summer rains, and violations of the game laws. This season quail are reported in abundance, also rabbits. More wild ducks have been seen than for many years, farmers say. One man had a bunch of five nice wild ducks the other night, which he secured on his farm near Paris.

AUTO CRASHED INTO TELEPHONE POLE

Mrs. Horace Sprake was severely bruised and cut about the face and the auto in which she and her husband were riding was damaged, when the machine ran wild, at the corner of Pleasant and Tenth streets yesterday afternoon, crashing into a telephone pole.

Mr. Sprake was driving. The machine skidded on the wet surface of the street, throwing it against the pole. Mrs. Sprake was thrown against the side of the car, being severely bruised and cut. Mr. Sprake escaped injury. The machine was damaged to the extent of about \$100. Mrs. Sprake was taken to the office of Drs. Kenney & Stoschenger, where her injuries were treated and she was removed to her home.

REHEARSALS FOR "THE IDLERS" PROGRESSING AT P. H. S.

Rehearsals for "The Idlers" at the High School on Monday and Tuesday, November 28 and 29, are fast approaching a degree of perfection and by the show dates, the performers will present to the public of Paris one of the best home-talent entertainments ever seen. The opera possesses lightness, vigor, life, an abundance of comedy and comic situations, together with thirty beautiful musical numbers, ensembles and solos.

The cast of the entertainment requires fifty to sixty people. The part of "Pauline," the prima donna of the show, is one that requires a beautiful girl, and Mr. Barrow, the producer, spent one entire afternoon in attempting to make this selection from the entire school. Miss Lucile Chipley will sing this role. The acting part of "Chickie," a characterization of The Old Maid, is one very hard to act, and requires facial expression, as well as a voice. Miss Rule is cast for this part. Miss Cahal is playing the part of "Cullie," the serving maid at "The Dalles Inn." She carries her part well. Her chic, pert manner of acting and sweet voice will captivate the audience immediately. All the other parts are in competent hands, and the public of Paris on these two nights will be greatly surprised at the excellent talent which has been latent, some of which may later develop into artists.

The chorus is handling their music admirably, and with Miss Glendon's assistance in vocal instruction, they are meeting exacting requirements of the ensembles, etc., with ease, and by the dates of the entertainment will be in a position to render them with ease. Reserved seat sale opens at the Sweet Shop on November 21, one week previous to the show.

CONSCIENCE IMPELS RETURN FOR GOODS STOLEN

The following letter, mailed at the Paris postoffice, was received a few days ago from some conscience-stricken person, who desired to make restitution for a small quantity of goods taken from a grocery he was operating here several years ago:

"Nov. 14, 1921.
"Mr. John Sauer:
"A good many years ago when you or your brother, Will, I think, was running a store in the Picklen building, two school children came alone, and picked up something, I can't remember whether it was peaches or maple sugar, or just what it was, but you are finding enclosed fifty cents, which I hope will cover the damage. These children didn't know the cost then or realize the wrong they were doing. If you were not there about 1895 or 1896, or thereabouts, ask your brother if it was him, as it was a Mr. Sauer.

COOPERATIVE PLAN ASSURED SUCCESS

County Chairmen Submit Reports At Lexington Wednesday Showing Success

BOURBON NEAR THE TOP

The Burley Tobacco Growers Co-operative Association has signed up to its co-operative marketing plan 177,521,263 pounds of the 1920 tobacco crop of the Burley district, which totaled 209,203,483 pounds, and therefore exceeded the minimum requirement of the contract, 75 per cent.

The total pounds signed is 84.85 per cent of the amount grown in 1920, according to the report of a committee on verification named by Judge Robert W. Bingham at the end of an afternoon session of the organization committee and county chairmen held in the ballroom of the Phoenix Hotel, in Lexington, Wednesday, which made its report at a night session.

The organization committee adopted the permanent Association law of the corporation in North Carolina temporarily, until the Kentucky legislature can pass a law which will make the operations of such an association legal in Kentucky.

The report of the committee showed that 42,000 growers have signed the contract to market their crops on the co-operative plan and action will be taken at once to notify all the growers that the pool is on and committees were appointed by Judge Bingham to arrange to carry out the plan. These committees will look after the matter of contracting for warehouses, attending to the various departments of the association's business and other matters that will require immediate attention.

The declaration of the pool's success means that the tobacco grown this year will not be sold over the floors of the loose leaf warehouses, but will be received by these houses, at least by those friendly to the association movement, which includes by far the larger number in the entire burley district, graded and stored until the manufacturers are ready to bid for it, when it is expected that they will buy it at the price fixed by the association officials, instead of the price made by the buyers of the "Big Four" as in former years.

Nothing can be said with accuracy as to the possible date of sale of this year's crop until the preliminary arrangements have been made, the committees have completed their work and the association has been finally and permanently incorporated.

AUTOMOBILE WRECKED AND ABANDONED BY OCCUPANTS

Millersburg people are wondering who owns a wrecked automobile which was found abandoned Wednesday at a point about a mile below that place. Three of the wheels were torn off and the car was overturned and badly damaged. The machine, evidently being driven at a rapid rate of speed, skidded on the wet surface of the pike, and smashed into a concrete culvert. The license tags had been removed from the machine. No trace has been found of the occupants. The machine, a Buick touring car, is thought to be one alleged stolen from Lexington parties Tuesday night.

ed, toward which steps were taken at Wednesday's session.

The campaign in Bourbon county closed about eleven o'clock Monday night, after the various soliciting parties had put in a strenuous day and night. The returns came in slowly, the canvassers experiencing some difficulty with stubborn parties who finally "came across." Tobacco contracts mailed and reaching the office of Samuel Clay, Chairman of the Bourbon county branch of the Association brought Bourbon county's total in the drive to 9,981,846 pounds of tobacco, or 98 per cent of the tobacco grown in the county last year. The total number of contracts signed is 1,632. The complete figures as reported by Chairman Clay at Wednesday's meeting in Lexington was as follows: Production in 1921, 10,491,846 pounds; signed up for 1920, 10,019,346 pounds; total number of contracts, 1,644; per cent made 98.5.

At the meeting held in Lexington, Wednesday, Buckner Woodford, of Paris, was selected as a member of the Committee on Headquarters, and Samuel Clay, of Paris, as member of the Committee on Temporary Operations.

Montgomery county led in the percentage of tobacco pledged, with 98.4, while Fayette led in the total number of pounds, with 10,812,540. Robertson county was second in percentage with 97.8, while Bourbon was second in poundage with 10,019,346.

Reports available showed that thirty-eight counties has reached the goal of 75 per cent, while only nine had fallen below this mark.

In the counties outside of Kentucky, Ohio county, Ind., took the lead in the percentage. Its 637,038 pounds represented 85.6 per cent.

SWIFT & CO.'S WEEKLY PRO- DUCE MARKET REVIEW

Cream deliveries were heavy
during the week, no doubt due to
intensive feeding methods now
being practiced. It is of interest to
producers that Wallace Farmer
states that corn, fed for milk pro-
duction, has a value of 52c a bushel,
when butterfat sells for 35c.

The butter market declined 3½
between November 3 and 9, but is
closing a little firmer.

There is only a light supply of
fresh eggs. Much held, old stock,
however, is being marketed at a
discount.

Receipts of poultry have been
heavy, resulting in lower prices on
all markets.

SHOOTS ADVERSARY IN SIDE

George Washington and Taylor
Smith, both colored, residing near
Clintonville, became involved in a
dispute Sunday night over the pos-
session of a quantity of "white mule"
whiskey, which both claimed. Both
men secured weapons, and began fir-
ing. The contents of a shotgun in the
hands of Taylor lodged in Wash-
ington's side, inflicting a serious
wound.

Taylor was placed under arrest by
Sheriff W. G. McClintock, on a war-
rant charging him with shooting
with intent to kill, and brought him
to the Paris jail. Washington was
removed to his home, where his in-
jury was given medical attention.

HOW SOMERSET AND PARIS HIGH STACKED UP

(By Robert Frank, Jr.)

The football game Friday after-
noon, November 11, between the
Someret and Paris High School
teams was called at 2:30 o'clock.
Both teams were evenly matched.
This was a scoreless battle for both
sides, although Paris had the pig-
skin in their territory ninety per
cent of the game. Paris played strict-
ly straight football, using a few for-
ward passes. Somerset used the
"Minnesota shift" that was repeat-
edly thrown for losses. Coughlin, at
tackle, played a very spectacular
game, both on defense and offense.
Taylor at fullback position, when-
ever called upon, advanced the oval
for good gains. Connell, at quar-
terback, made some good plays, both
on offense and defense. McCann,
Paris High's impregnable tackle, was
right there all the time whenever he
was called upon to make a hole.
Jacob, who was picked last year
for the All-Kentucky School end,
will be back on the list this year,
but despite the weather of Friday,
he played a wonderful game. Tucker
and Nash, both playing at halfback
position, advanced the pigskin
through the lines and were good on
end runs. Clark, at center, on the
defense, played a wonderful game.

There was not a play that was
called but what all eleven men were
into it with all their grit. But in
spite of the weather, neither team
could score. The Paris team lined
up as follows: Jacoby, l e; Cough-
lin, l t; Welch, l g; Clark, c; Stam-
ler, r g; McCann, r t; Dalzell, r e;
Connell, q b; Tucker r h; Nash, l h;
Taylor, f b.

HIGH SCHOOL'S LAST GAME AT HOME THIS SEASON

The Paris High School will meet
Covington High School this (Fri-
day) afternoon on McClintock Field.
This will be the last opportunity you
will have to see the High School
team play this season. Coaches
Ward and Sheffield and the entire
High School football squad deserve
great credit for the splendid sched-
ule they will complete to-day. With
the exception of one or two games
the team has played a fighting game
every week. No one who saw the
Someret game can help being
proud of the local High School team.
Every player on the team got into
Friday's game.

This is Covington's first appear-
ance in Paris. For several years
they have been playing Lexington,
but no other school in the Bluegrass.
They are coming here to-day with a
big reputation, having lost only 2
or 3 games in the last 3 or 4 years.
The Paris boys count this their
hardest game, and are doing their
best to be in the best possible train-
ing for the fray. Last Friday the
heavy rain failed to check the High
School spirit that was behind the
team, and this week that spirit runs
higher than at any time during the year.

Weather conditions permitting we
are expecting the season's largest
crowd to-day. We are expecting
the High School's best cheering and
we are expecting the team's best
playing and are making preparations
to close the season at home in a
way that is appropriate for the
type of season we have had.

come to join the class on Tuesday
or Thursday evenings, at seven
o'clock.

This class is run as a part of the
city school educational program and
is open to any ambitious young men
in the city.

COUNTY COURTS RIGHT TO PAR- DON UPHOLD.

Deciding that the Fayette County
Court of Fayette county, has au-
thority to release Charles Sullivan,
a 15-year-old boy from the House of
Reform, the Appellate Court deter-
mined the much debated question of
the authority of juvenile court over
delinquent children in this State.

Sullivan was sent to the House of
Reform at the request of his father,
J. M. Sullivan, in October, 1920.
Eight months thereafter the Fay-
ette County Court, at the request of
the father, entered an order setting
aside the commitment to the House
of Reform and ordered his release to
his father. Superintendent H. B.
Hickman refused to comply with the
order of the county court, contend-
ing that the Governor or the State
Board of Charities and Corrections
could parole the lad.

The court says that under sub-
section 11 of section 331-e of the
Kentucky Statutes the Juvenile
Court has jurisdiction and control
of all delinquent children and "with
public good and the good of each
child" may order their release from
any institution to which the child
has been committed by the juvenile
court.

Lowest Prices Ever Quoted

on Titan and
International Tractors

The Harvester Company has made another big price
cut on Titan and International Tractors. This re-
duction wipes out all former advances and puts these
tractors at the lowest prices at which they have ever
been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March
1, 1921. The new price includes all necessary equip-
ment—platform, fenders, governor, belt pulley—which
cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan,
considering equipment included (formerly sold extra).
At this price the Titan 3-plow tractor is the best value in
the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You can-
not find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Com-
pany advises us these prices are made regardless of man-
ufacturing costs and that they do not guarantee to
maintain them. These prices certainly justify the im-
mediate purchase of a tractor.

We can arrange suitable terms for you. Come in
and see us.

—Mr. E. M. Thomason returned Wednesday from Maysville, where he attended the Grand Lodge of Odd Fellows.

—Mr. and Mrs. Clarence Ball and children, of Louisville, are visiting the former's parents, Mr. and Mrs. A. C. Ball.

—Rev. W. J. Slater has returned from Bristol, Tenn., where he conducted a successful revival meeting. He will fill his pulpit at the Christian church Sunday.

—The entertainment given by the Millersburg Post of the American Legion was a pronounced success. It was under the direction of Mrs. C. M. Best, and much credit is due to her and the boys.

—The Missionary Society of the Methodist church met with Mrs. Allie Miller, Wednesday afternoon. After the business meeting there was a social hour, which was much enjoyed by all present.

—Grover Case was arrested Tuesday night for operating a moonshine distillery on the farm of Mr. John Purdy, near town. Mr. Purdy had suspected that something of the kind was going on, as an automobile with no lights passed through his farm every few nights, going to the farm of his brother. Mr. Purdy had been deputized to watch for the party and caught him as he was leaving the farm and held him in charge until the arrival of Sheriff W. G. McClintock, who took charge of him. Five quarts of moonshine was found in his machine. Sheriff McClintock then went to the home of Mr. Vermillion, where the still was found in the kitchen loft.

—Mr. and Mrs. A. C. Ball celebrated their fiftieth wedding anniversary Monday with a lovely dinner, only members of the family being present. The home was lighted with candles in silver candelabras, decorations of yellow and white chrysanthemums. Quite an elaborate dinner was served. On the large white case was the wedding date in gold letters. Those present were: Mr. Clarence Ball and wife of Louisville, Mr. Carlton Ball, Miss Alfa Ball, Mr. and Mrs. Will Metcalfe and children, Misses Mabel and Alma and Mr. Richard Metcalfe, Mrs. A. C. Stode and son, Alfred. Mrs. Ball wore one of her wedding gowns. The afternoon was spent receiving callers,

who wished them many more happy days together.

MILLERSBURG COUNTY HIGH SCHOOL NOTES.

—Mrs. J. W. Lawrence, of Georgetown, is visiting her daughter, Mrs. J. W. Lancaster.

—Mrs. E. A. Bass, of Stearns, visited her sister, Miss Lina Crowe, Tuesday and Wednesday.

—The Chapel exercises on Wednesday were conducted by Rev. W. M. Williams, of Hutchison. The visitors were: Mesdames W. M. Williams, Geo. Link, Robt. Bell, Howard Thompson, J. W. Lawrence, W. M. Brown, E. A. Bass, Miss Lillian Bodkin, Messrs. M. E. Pruitt, Ashby Leer, Geo. Link, and Rev. Williams.

—The fourth number of the Lyceum Course presented by "Argus, the Magician," was given before a large audience Monday evening, Nov. 14. The program was one of the best of its kind ever presented in Millersburg. The next number of the course, which is a lecture by Dr. F. S. Tinscher, will be given at M. C. Auditorium, December 15.

—The pupils of the school will give a short Thanksgiving program at the regular Wednesday morning Chapel period. Tag Day, for the Kentucky Children's Orphan Home, at Louisville, will be observed, when tags will be sold. The pupils of the school have been asked to bring a donation of fruit, vegetables, groceries or money, on that day, which will be given the needy in the community and the Orphan's Home. The school is using this means to help raise the quota assigned to Millersburg in the present drive for funds for the Home.

LODGE NOTES

—At Maysville, Tuesday evening, at the meeting of the Grand Lodge I. O. O. F., of Kentucky, Richmond was chosen as the place of holding 1922 session of the Grand Lodge. Harrodsburg put up a hard fight for the honor, but was defeated.

—Bourbon Lodge No. 26, is making great preparations for celebrating the seventy-seventh anniversary of Odd Fellowship in Paris. On the evening of Tuesday, November 29, the lodge will hold an important meeting in the new Mammoth Garage, at the corner of Main and Second streets, where an appropriate program of exercises, music and addresses will be carried out. Refreshments will be served. All members of the order, their wives, sisters, and sweethearts, are invited and urged to attend this meeting, which will be one of the most enjoyable of the many planned and carried out during the season by the lodge.

—The Kentucky Grand Lodge of Odd Fellows, adjourned at Maysville, Wednesday, after a three-days' meeting. Mayor E. B. January, of Paris, was elected Grand Master; Julius Helburn, Eminence, Deputy Grand Master; Judge D. T. Denton, Morgantown, Grand Warden; R. G. Elliott, Lexington, Grand Secretary, and E. J. Durham, Danville, Grand Treasurer. Mrs. Sarah J. Hughes, George I. Briel, M. M. Logan, J. W. Smith and Julian Yager were named on the Widows' and Orphans' Home Committee. The Grand Lodge decided to assess a fifty cent per capita tax for building of a hospital at the Indigent Home.

The old fellow who always predicts a hard winter is on his rounds again.

HENRY WATTERSON'S HOME DESTROYED BY FIRE

A fire early Tuesday morning wiped out the business portion of Jeffersonville, near Louisville, home of Henry Watterson, noted journalist, and caused \$60,000 damage.

The Louisville fire department, after a run of fifteen miles, saved the residential portion of the place. Two men were hurt in fighting the fire. Three large stores and four other places were destroyed.

The town was cut off from light and telephone service by the blaze.

PLAYGROUND SERVICE EXTENDED TO COUNTY

A playground slide for the Houston School, on the Clay and Kiser pike, has arrived at Daugherty Bros., evincing the rapid extension of the play grounds movement in rural sections in connection with the Community Service. Mrs. Birdie Webb, teacher of the Houston School, has created in her neighborhood a sufficient sentiment for supervised play to secure co-operation of patrons. The Houston School is the first in the county outside the city of Paris, to have playground equipment.

BOURBON CIRCUIT COURT

Following adjournment from Monday, when Judge Stout granted the grand jury time to take part in the co-operative tobacco marketing campaign, Court convened Tuesday morning.

The Commonwealth docket was called after the business of motion hour had been disposed of. The case of Russell Bland, charged with stealing two chickens, was taken up. Bland was found guilty and sentenced to ninety days in jail at hard labor. The Court then adjourned until this morning at nine o'clock. The grand jury remained in session throughout the day, Wednesday and yesterday.

TO OUR ADVERTISERS

With the approach of the holidays and with an unusual pressure of advertising from out-of-town, space in THE NEWS is becoming a commodity more valuable than ever. Paris merchants should begin now to plan their holiday advertising campaign. Put THE NEWS first on your list.

Advertisers, in order to get good position and proper display, should get their copy in this office early before each publication day. Copy should be brought in on Wednesday for Friday's issue, and on Saturday morning for Tuesday's issue. This office established such a rule and maintained it successfully for a long time, but many patrons became careless and negligent, and fell from grace. With the holidays coming on and space growing less we must insist upon observance of this rule, and accordingly take this opportunity of impressing upon our advertisers the necessity of getting in their copy early—real early, in fact. This we ask in justice to the men who handle the copy and put it in type.

AN INVITATION TO THE LADIES; A RARE TREAT

Miss Holladay undoubtedly has one of the most unique and attractive novelty shops in this section of the State, or any other State. Anyone who misses a visit to this shop is missing a rare treat. The perfect and attractive arrangement of the beautiful and rare imported Pottery, Glass, Bohemian, Brass, Novelty Baskets and Fancy Boxes, is most exquisite. In fact a collection of beautiful and rare pretty things that will more than pay for one's time to go in and have a look at. These beautiful things were not simply bought from traveling men, or ordered by mail from a catalogue. Miss Holladay has visited the markets personally and picked out just such wares that would suit the critical taste and demands of her customers. The Holladay Candy needs no introduction to people who want something choice, the only thing to be said about it is, if you want a fancy box or two for your friends for Christmas or a remembrance gift at any time in the rare future, you had better place your orders now. Anyhow, if you have not visited Miss Holladay's store recently it will pay you to stop in and have a look at one of the most attractive places of its kind to be found any place.

TRAFFIC COPS RELIEVED

Special Traffic Patrolmen Feedback and McGoldrick, who have been on special duty through the spring and summer to regulate "careless" automobile speeders and violators of the automobile ordinances, have been relieved from duty, and the office abolished.

McGoldrick and Feedback rendered excellent service to the city and the public generally by the able way in which they performed their duty. They brought the fear of the law to a large number of offenders, and enriched the city's treasury by the fines which were imposed in Police Court upon speeders.

With the completion of High street, in competition with Pleasant street, as a speeding boulevard the services of the former officers may be needed again.

AN OPEN LETTER TO WOMEN

Mrs. Little Tells How She Suffered and How Finally Cured

Philadelphia, Pa.—"I was not able to do my housework and had to lie down most of the time and felt bad in my left side. My monthly periods were irregular, sometimes five or seven months apart and when they did appear would last for two weeks and were very painful. I was sick for about a year and a half and doctored but without any improvement.

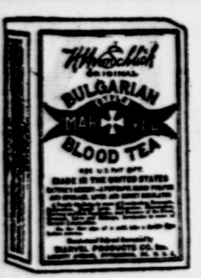

A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me, and the second day after I started taking it I began to feel better and I kept on taking it for seven months. Now I keep house and perform all my household duties. You can use these facts as you please and I will recommend Vegetable Compound to everyone who suffers as I did." — Mrs. J. S. LITTLE, 3455 Livingston St., Philadelphia, Pa.

How much harder the daily tasks of a woman become when she suffers from such distressing symptoms and weakness as did Mrs. Little. No woman should allow herself to get into such a condition because such troubles may be speedily overcome by Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American women to health.

Too Curious. Tillie Clinger says the reason she didn't last long as salesgirl at the jewelry counter was because when a man came in and said he wanted something nice for his baby she asked him if his baby was a boy, a girl or a chicken. — Dallas News.

DISPUTES LOCAL PAPER'S CLAIM FOR AGE

In the Louisville Courier-Journal of Wednesday, Wb. E. Protsman, of Louisville, disputes the claim made by Paris correspondents regarding a Paris paper being the oldest paper in the United States. Mr. Protsman writes as follows:

"To the Editor of the Courier-Journal: 'I have noted with interest the item concerning the Paris Kentuckian-Citizen which has gone the rounds of all the papers and in which the claim is made that it is the oldest paper in the United States from a standpoint of continuous publication.

"I am inclined to think that the accuracy of this statement can be very seriously called in question. Certainly there are a number of papers in the United States older than the Paris paper. As a matter of fact, the Western Sun, published in Vincennes, Ind., has been published continuously since July 31, 1804.

"In the spring of 1807 the plant from which it was issued burned down, but the publisher, Elihu Stout, went back to Kentucky, bought a new outfit and resumed the publication, which has been continued since. The Sun for more than a century has been in the hands of three families. The founder, Elihu Stout, published it from 1804 to 1845; George E. Green, a Louisville printer, published it for fourteen years, from 1845 to 1870, and it has been in the Purcell family since 1870, a period of forty-five years.

"It is my opinion that if this investigation was extended it would be found that there were a number of papers in the United States whose term of service would outrank that of that paper about which the item was published.

WIFE OF FARMER ALMOST STARVED

Mrs. Peterson Suffered Awful Pains After Every Meal—Is Now Well As Ever

Declaring she was actually starving to keep from suffering awful misery, Mrs. Amy Peterson, wife of a prosperous farmer, of Lakeville, Miss., gave out a remarkable statement, recently, in connection with her relief through the use of Tanlac.

"Sometimes I wonder how I lived through it all," she said. "I would have attacks of acute indigestion nearly every time I ate anything. Those terrible cramping pains and the distress from gas and bloating were almost unbearable and I just thought there was no hope for me.

"But now I'm eating anything and I feel as strong and well as I ever felt in my life. I've gained back all the weight I lost and six pounds besides and I know from my experience what Tanlac will do. It's the best medicine in the world."

Tanlac is sold in Paris at the People's Pharmacy and all leading drug stores. (adv)

USE "SHANKS' MARE."

Walking is becoming a lost art. Autos, street cars, motorcycles, bicycles and trains are enslaving and weakening us.

Dr. John H. Finley, former university president and New York State Commissioner of Education, walked from New York to Princeton. The spectacle of a man plodding along that auto highway was so unusual that Finley was arrested at Rahway, N. J., for vagrancy.

Walking is such a lost art, Finley points out, that he got a lot of space in the newspapers and set New York gossiping for weeks, by arriving recently from Europe and remarking that he had walked 100 miles on the boat on the way across.

When we need something nature adds it to our bodies. Thus she grew a long neck on the giraffe so it could nibble the tender leaves and buds in treetops.

And when we no longer need a thing, when it becomes dormant by not being used, nature takes it away. For instance, the fish in Mammoth Cave, which are blind because they do not need eyes.

Imaginative artists have drawn pictures of men on Mars, with huge heads and puny legs. That would be the natural result of a civilization of intellectual activity and physical inactivity.

It would be interesting to come back to this city in another hundred years and see if habitual riding on wheels will have stunted and withered man's inactive legs. Our fingers are shorter than those of primitive man who had to have long fingers for tree-climbing.

Whether future men have small legs or none at all, does not bother us. But, most certainly, the majority of modern people suffer from a great deal of bad health that could be cured by a brisk walk daily. Various cities now have walking clubs, and it is a movement that should become national.

The world's walking record is one mile in 6:25 4-5, held by H. H. Goulding, of Canada. If you want to realize how you have neglected your leg muscles, go out and try to walk a mile in fifteen minutes.

Right now—autumn, with its bracing air and its scenic beauties—is the best time of the year for walking. Try it for exercise, for health. And, if you are a business man, inclined to get to the office in the morning with a fagged brain and jaded nerves, walking to work will rejuvenate you and double your efficiency.

To be sick less, walk more. Ask the Boy Scouts.

ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on the package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions.

Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists all sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. (adv)

National Banks.

National banks are subject to supervision by the comptroller of the currency, an official appointed by the President. The comptroller can take possession of a national bank any time an examination shows its capital impaired. National bank stockholders are liable for double the amount of the capital stock they own, to protect depositors in case the bank suffers losses that impair its capital. There is no guaranty of deposits in national banks.

Real Value of Ideals.

THE POWER OF THE COUNTRY PRESS

No official reports have yet been made about the exact vote on the two proposed constitutional amendments which were sponsored by State Superintendent George Colvin, and many other educators. Dispatches from Louisville and Frankfort say they were badly defeated, however, and from fragmentary returns, we have seen they appear to have been snowed under.

There is one significance about their defeat that is important. Although the big city papers generally supported the amendments and the papers of Louisville did so vigorously the fact appears that wherever the country papers opposed them, the counties in which the country papers circulated defeated them overwhelmingly. The city papers ridiculed the opposition of the country papers when the campaign started. But look at the returns from the country. Some lesson there.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

SUFFER PAIN?**Heed This Woman's Advice**

Springdale, Ky. — "I was in a run-down condition and every month suffered pain. I had taken treatments for feminine trouble, but seemed to get no results from the treatments. It was through my daughter-in-law that I heard of Dr. Pierce's Favorite Prescription and decided I would try it. I took a few doses when at her home in Illinois and when I came home I took it regularly. It surely helped me very much. I can say that 'Favorite Prescription' is a very good remedy for women in a run-down condition or if troubled with feminine trouble." — Mrs. Henry Soward, Route 1.

If you have the above-mentioned symptoms, you should profit by Mrs. Soward's advice, and get the "Prescription" from your druggist at once. To be had in tablets or liquid; or write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y. for free medical advice.

Coming of Age.

We mourn over the coming of age, but how many of us would really choose to remain young and so lose the treasures that the years bring; the varied friendships, the adventures, the garnered wisdom? Perpetual youth would leave us behind our own generation, would rob us of life's purpose and meaning.

But, then, it is always a hard winter for those who are not prepared for it.

Next year the politicians will raise our hopes by promising to lower taxes.

BRIDGE AT FRANKFORT CLOSED FOR REPAIRS

The St. Clair street bridge over the Kentucky river at Frankfort, has been closed to public travel for repairs, according to notification received by the Paris Commercial Club from the Frankfort Chamber of Commerce, and motor tourists and other travelers making trips from Paris to Louisville via the capital are advised that the City of Frankfort has arranged with the L. and N. Railroad Company for free transportation over its bridge while the old bridge is undergoing repairs. It is probable that St. Clair bridge will not be completed for three months, it was said, and in order to relieve tourists visiting Frankfort from both east and west, the city has arranged for a free bridge.

MOTHER! CLEAN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. (adv)

Amount of Salt in the Sea.

Ocean water contains an average of 3.77 per cent of salt. If all the saltine matter of the sea was put together it would make a block of salt measuring 4,800,000 cubic miles. If spread out it would cover the United States to a depth of one mile and a half.

OFFICIAL CALL BY STATE CENTRAL AND EXECUTIVE COMMITTEE

In line with the policy adopted by the Democratic State Central and Executive Committees of a square deal for the citizen voters of Kentucky, and within the limitations of the authority vested in me as Chairman of the Committees, you are hereby requested and called to meet at the Seelbach Hotel on the 30th day of November, at two o'clock p. m., for a conference.

We have no more authority than was given us by the Convention from which we derived our powers and which created us, therefore we can not properly announce new principles or policies, nor can we without usurpation of authority determine the application of any principle already declared for in party platform to any given condition, and thus bind our Democratic Legislators. We can, however, confer upon the abuses of power and failure of the present administration at Frankfort to keep faith with the people, and how these abuses and failures should be met and remedied by the Democratic control of the House and Senate. This the people of the State have demanded by an overwhelming vote in the last election.

We can, and should, organize and direct together with our Democratic representatives an effort, towards an honest program looking to the enlightened constructive and united handling of party authority in legislative work. This can best be done by a joint conference of our committee, the Democratic members of the Legislature, our Representatives in the United States Congress and Senate, and leading Democrats over the State.

We should attend such a conference with open minds unpledged and unembarrassed by any previous agreement, secret influence or private control. We should at once lift our party above the reproach of the propagandist who would break the faith of the citizens by the insidious suggestions of malign influence or unworthy obligations.

The eyes of the country are upon us. The problems that confront the State have been generously entrusted to us in the majorities of both Houses of the Legislature. We are expected to work out the future of our State in the interest of all the people regardless of party. This should be done with clean hands and we should hold them up where they can be seen. Wherefore this call for the purpose herein indicated.

THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor. Read this statement:

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with very good results, for while I have never had any serious kidney trouble, I can tell by the help they gave me that they would be beneficial for kidney trouble. I had a dull aching across the small of my back and my kidneys acted irregularly. The use of Doan's Kidney Pills rid me of these complaints and I have faith enough in them that should I ever need a kidney remedy I would certainly use Doan's Kidney Pills."

Mrs. Mastin gave the above statement November 9, 1916, and on November 13, 1920, she added: "I still have the good opinion of Doan's Kidney Pills as when I endorsed them before and I use them occasionally when I require a kidney tonic. They never fail to do me good and I am always telling my friends of the merits of Doan's." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

RELATIVE VALUES

At the Rotary Club luncheon in a Southern college town recently the new professor of Religious Education was introduced. He was much gratified at his reception, until he witnessed the far greater demonstration of the new football coach.

The fact is that in a great many colleges athletics have been carried to unreasonable lengths. More attention is paid to field and track work than to class room work. Prowess in football and other games is more honored than high scholarship.

Curbing the tendency in this direction will be difficult, perhaps, but it must be done if the rank and file of the people are not to lose their respect for and their desire for college education.

INGROWN NAIL

Toe Nail Turns Out Itself If You Toughen Skin

A noted authority says that a few drops of "Outgrow" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgrow" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. (F-1f)

Really, it looks as if the world is almost ready to fight for disarmament.

Tank Up With The Real Stuff

Tanking up on "White Mule" is a risky proposition. You don't know what's in it. Just a little may play the "dickens" with your whole works as an unknown brand of gasoline might do with your motor. It is safer to stick to a recognized standard brand.

Had Feeling for Daddy.
Maxine was visiting a friend. Her mother told her to return home at four o'clock, and when the time arrived she put away her playthings and prepared to leave. Her friend urged her to play just a little longer, but seriously she replied: "No, Mommy, I can't play any longer, for if my daddy comes home from work and I'm gone he will cry his blue eyes out."

The Huguenots.
Huguenots was the name applied by the Roman Catholics to the Protestants of France during the religious struggles of the Sixteenth and Seventeenth centuries. The term is of doubtful origin. Some authorities say it is corrupted through Ignots, Ignots, from the German Eidgenossen, confederates; while according to others, the word is a diminutive of Hugo, Hugues, Hugh, a patron saint of Tours.

And speaking of prices, there have been several drops in airplanes lately.

MATRIMONIAL

A Record of Dan Cupid's Doings As
The Days Go By

—Mr. and Mrs. A. C. Ball recently celebrated the fiftieth anniversary of their wedding at their home in Millersburg. The beautiful home was lovelier than ever in its decorations of yellow and white chrysanthemums and candelabra containing yellow candles.

Mrs. Ball wore a gray silk poplin gown from her original trousseau. Her hair was arranged in the style popular in that day. Mr. and Mrs. Ball received many gifts of gold coin from their grandchildren, and other gifts from relatives and friends. Only members of the family were guests at dinner. A white wedding cake bearing the date of the wedding in golden letters adorned the table.

The guests were: Miss Alpha Ball, Mrs. A. C. Strode, Mrs. W. M. Metcalfe and son, Mr. and Mrs. Clarence Ball, W. M. Metcalfe and six grandchildren, Misses Mabel and Alma Metcalfe, Alfred Strode, Adell and Elizabeth M. Ball. Many relatives and friends called in the afternoon to extend their congratulations to the worthy couple, and many letters and cards of greeting and best wishes for a long and prosperous life were received.

KELLER—YELLMAN

—The marriage of Miss Edna Keller, daughter of Mrs. Edward C. Keller, of Lexington, formerly of Paris, to Mr. John Scott Yellman, of Lexington, was solemnized Wednesday afternoon in the parsonage of St. Peter's Catholic church, Lexington, Rev. Father Punch officiating. Only the two families were present for the ceremony.

After the marriage Mr. and Mrs. Yellman left for a honeymoon trip to points in the East. On their return they will be at home in an attractive apartment which is being prepared for them.

The bride is a former resident of Paris, the daughter of Mrs. Edward C. Keller, and a sister of Mr. Leo Keller. She is a charming and very popular young woman with a large circle of warm friends in Paris.

Mr. Yellman is a well-known young business man, being connected with the Fayette National Bank, in Lexington, a position he has held for several years.

The following announcements have been issued:

Mrs. Edward C. Keller announces the marriage of her daughter Edna to

Mr. John Scott Yellman on Wednesday, the sixteenth of November, nineteen hundred and twenty-one Lexington, Kentucky.

SCOGGAN—BARNETT

The wedding of Miss Lela Scoggan and Capt. Theodore Tyler Barnett, both of Louisville, will take place at the First Christian Church in Louisville, on Wednesday, December 14. The ceremony will be performed by Rev. E. L. Powell in the presence of the immediate families. Miss Scoggan is well known in Paris and

North Middletown, having been a frequent visitor at the home of Mr. and Mrs. John J. Redmon.

PURCELL—WAGONER

—The marriage of Mr. Oliver G. Wagoner, twenty, and Miss Cecil T. Purcell, nineteen, took place Tuesday afternoon at 3:30 o'clock, at the home of the officiating minister, Rev. W. E. Ellis, pastor of the Paris Christian church. The groom is a son of Mr. and Mrs. H. W. Wagoner, and the bride is a daughter of Mr. and Mrs. M. P. Purcell, all of this county. They will reside at the home of the groom, near this city.

THE DEADLY AUTOMOBILE

If anyone has reliable information as to the menace of automobile traffic to human life it is the life insurance companies. Therefore when the Insurance Press says that "The automobile has superseded every form of disease as the problem of the day," it is time for Congress and Legislatures and the public generally to give the same efforts to control of motor vehicles that have been devoted to the warfare against smallpox, tuberculosis and typhoid fever. Says The Press: "It (the automobile), is the greatest controllable, yet uncontrolled menace of the generation."

Massachusetts has a law requiring drivers of auto vehicles to be licensed after examination. Every applicant must show working knowledge of the machine he wants to drive as well as knowledge of the rules of the road. Conviction on the charge of reckless driving means loss of license. It is claimed that this law, enacted last year, has reduced the number of auto drivers in the State 14 per cent. and has reduced accidents by 50 per cent.

This sounds interesting. Legislators in every State might do well to investigate the Massachusetts law. And in the meantime, courts juries and the people generally should be moving to secure a stricter enforcement of the traffic laws that we now have.

Get rid of that nervous, fretful feeling. Brace up. Take Tanlac and you will look everybody in the face with a smile. Sold at People's Pharmacy. (adv)

DEATHS

Life Is But A Brief Span, A Debt That All Must Pay

LYONS.

—Death came suddenly at 4:30 o'clock Wednesday morning, to Mrs. Maria Lyons one of the best-known women in the city. Mrs. Lyons had attended a meeting of women of the Catholic church congregation in the afternoon, and was apparently in the very best of health. About four o'clock p. m., Wednesday, she awakened and complained of being ill. A physician, Rev. Father Hare, her pastor, and her daughter-in-law, Mrs. Harry Lyons, were sent for. Mrs. Lyons expired a short time after their arrival.

Mrs. Lyons was the widow of Thomas Lyons, who was engaged in business in Paris for almost a life-

time in the earlier days of the city. She was prominent in all the good works of her church, and was greatly esteemed by all who knew her. Besides her husband, she was preceded to the grave several years ago by three sons, Frank, Albert and Geo. Lyons, well-known in Paris business circles. She is survived by one son, Harry Lyons, popular conductor on the Louisville & Nashville railroad, and three grandchildren, Mary Frances Lyons, of Louisville, George T. Lyons and Catherine Lyons, both of Paris.

The funeral will be held at the Church of the Annunciation, in this city, at 9:30 o'clock this (Friday) morning, with services conducted by Rev. Father William Hare. The pall-bearers will be Dan Jordan, Wm. Grannan, Edward H. Gorey, Dr. Wm. Kenney, J. B. Geis and M. J. Lavin.

THE COURTS

Some people are distressed because of the widespread agitation over the delays in the administration of justice by the courts. They say it will tend to destroy confidence in the courts.

Don't you believe it? The agitation that is going on is a healthy sign.

The courts in this country belong to the people, and it is the privilege as well as the duty of the people to keep watch on them.

The courts are not going to be abolished, but unless all signs fail some changes are going to be made which will make their procedure more rapid and certain.

The people are going to see to it that the courts function for the speedy administration of justice and not for the delay or defeat of it, as has been in the case in so many instances in the past.

No, Jason, not all bootleggers are leathernecks.

BIRTHS

—In Paris, to the wife of Mr. P. O. Bonfield, of Mt. Sterling, a son. Mrs. Bonfield was formerly Miss Bess Sweeney, daughter of Mr. and Mrs. M. T. Sweeney, of Paris.

—Hello, friends. It's a boy, and his name is Glenn Elwood Mohnney. He arrived Wednesday morning. This is the way Dr. S. P. Mohnney expressed his delight in making the announcement of his heir's arrival. Dr. and Mrs. Mohnney are busy acknowledging congratulations and sending out announcement cards.

Anybody know what has become of Mr. Paderewski?
